## COULD BRIBE BULGARS TO FIGHT FOR ALLIES

London Standard Urges That Concessions Demanded Be Granted Without Delay.

LONDON, August 3, 4:45 a.m.—Discussion of the possible course liable to be taken by the Austrians and Germans in the Balkans, and the Standard this morning leads the Standard this morning to advocate editorially that the allies make a tremendous effort to gain Bulgaria by influencing Serbia to make the territorial concessions desired by Bulgaria, on the theory that a German force on the south side of the Danube would overwhelm Serbia, relieve Turkey, open the road to the Black sea and the Aegean, bring about the complete dismemberment of Russia and have the gravest effect on the fortunes of the allies.

## DIPLMACY IS CRITICISED.

All this would be impossible. The Standard sets forth, if the Balkan states were solidly on the side of Great Britain, Russia and France, Bulgaria being the "keystone to the arch."

"It is not at all to the credit of European diplomacy," says the Standard, "that this question was not settled long ago. We want Bulgaria's co-operation."

"We have known from the beginning the price to be paid, yet while we have been talking and arguing, nothing has been accomplished, and Bulgaria is losing patience and beginning to listen to the cajolements and offers of our adversaries."

## Would Make Serbs Yield.

"This is a sad bungling which ought to be made good without further delay by businesslike and straightforward proposals. The Serbs must be told that we cannot have the issue of this war, in which we are vindicating their rights to exist, jeopardized because they insist on clinging to their booty."

## HOSPITAL FOR INSANE LACKS MAIL DISTRIBUTION

Postmaster Delivers to Superintendent, Who Declines to Pass Letters Along.

The Government Hospital for the Insane is still without mail distribution, and letters for inmates and employees are piling up awaiting a ruling from Postmaster General Burleson as a result of the discontinuance of the station there, known as station L of the Washington city post office, July 31.

This station was not profitable from a postal standpoint, and so was discontinued. Two deliveries are now being made daily to the institution, one in the morning by rural carrier and the other in the afternoon by letter carrier from station H, at Anacostia.

The hospital authorities, however, were not satisfied with this arrangement, nor were they satisfied, according to Postmaster Praeger, with the continuance of the station without compensation, and so an appeal was taken to the Postmaster General.

## Refuses a Delivery.

Under the postal laws and regulations delivery of mail matter for the insane is to be made by the post office to the superintendent or persons in charge of hospitals for the insane or penal institutions is regarded by the department authorities as a proper delivery.

The hospital authorities at St. Elizabeth's, however, it is understood, act in accordance with the decision of the Treasury, that no part of their appropriation may be utilized for mail delivery, refuse to deliver to the inmates or employees the mail left by the carrier.

## IBERIAN TRIED TO ESCAPE.

American Consul Frost Reports Further on Torpedoing of Vessel.

American Consul Frost at Queenstown, reported today that there remained no doubt that the British steamer Iberian, sunk by a German submarine last week, attempted to escape after orders to stop.

RELIEF FUNDS FOR JEWS. People's Committee Planning to Aid War Sufferers.

NEW YORK, August 3.—The people's relief committee for Jewish war sufferers, recently organized, issued a call today for a conference of representatives from all Jewish societies, congregations, trade unions, lodges and clubs. The purpose is to launch a popular movement among those organizations for raising more relief funds for the Jewish victims of the war. The conference will be held here next Sunday.

If Warsaw is evacuated by the Russian army, said the committee, suffering from the war would be greatly increased.

## PLANS ACTION FOR DAMAGES.

W. M. Penn Reports Barney Victims Doing Fairly Well.

All the persons who were aboard the auxiliary yacht Eleanor C. belonging to William M. Penn, 524 2d street northwest, when it was run down near Lower Cedar Point, Saturday night, by the United States torpedo boat Barney, were reported this afternoon to be doing as well as could be expected. Harry Baker, who was steering the yacht and who probably was the most severely injured, believes his jawbone is fractured.

Mr. Penn plans to confer with Secretary Daniels of the Navy Department tomorrow for a conference of representatives from all Jewish societies, congregations, trade unions, lodges and clubs. The purpose is to launch a popular movement among those organizations for raising more relief funds for the Jewish victims of the war. The conference will be held here next Sunday.

If Warsaw is evacuated by the Russian army, said the committee, suffering from the war would be greatly increased.

German Stand Renewed. The German note, continuing the discussion over the sinking of the American ship William P. Frye by a German commerce raider, deals with the American contention that not only international law, but also the special provisions of the treaty of 1828 between the United States and Prussia, had been violated.

The note makes no substantial change, it is understood, in the original German contention that while the treaty of 1828 does confer special privileges and exemptions upon American shipping, these can all be met and the right still reserved to sink merchant vessels in the undertaking to compel the owners thereafter. The German formal declaration of a war zone is held to justify special measures to keep supplies from her enemies.

## GIVE POOR CHILDREN A RIDE IN YOUR AUTO

Associated Charities Cites Way to Relieve Distress of Alley Inhabitants.

You men whose families are out of town! Do you ever think of taking an automobile full of poor children up through the cool, dark streets of Rock Creek Park these hot nights? Do you ever wonder how hot it is down in some of the places where the Associated Charities people are working day and night to save babies' lives, and do you ever think of the pure and unalloyed joy your car would give to a bunch of youngsters who have been gasping all day in the unshaded, frightfully hot, asphalt-plated alley?

If you really want to do a good turn and benefit some one, get a car full of kids tonight or tomorrow night and take them for a two-hour ride. You know the places to take them because you go there yourself and wonder how you ever lived in the summer before you got that car. You know where there is trickling water and great big leafy oak trees and cool greenwald that slopes lazily down to the water-side. There is even a cool breeze there, and the little children from the hot alleys will bless you for the chance to ride by there on a hot night.

Directions to Follow. Follow these directions: First, call up the Associated Charities before the office is closed, and tell them that you want to take a car full of kids tonight or tomorrow night and take them for a two-hour ride. You know where there is trickling water and great big leafy oak trees and cool greenwald that slopes lazily down to the water-side. There is even a cool breeze there, and the little children from the hot alleys will bless you for the chance to ride by there on a hot night.

Follow these directions: First, call up the Associated Charities before the office is closed, and tell them that you want to take a car full of kids tonight or tomorrow night and take them for a two-hour ride. You know the places to take them because you go there yourself and wonder how you ever lived in the summer before you got that car.
